#### SUMMARY

The Shire of Corrigin Audit and Risk Management Committee are requested to recommend that Council endorse the 2019/2020 Annual Report and Financial Statements for the period ending 30 June 2020.

#### BACKGROUND

The Shire of Corrigin is required to prepare an Annual Report and Audited Financial Statement each year including the following information:

- President's Report.
- CEO Report.
- Overview of the plan for the future including major initiatives that are proposed to commence or to continue in the next financial year.
- Financial report for the financial year.
- Information in relation to the payments made to employees.
- Auditor's report for the financial year.
- Report on the *Disability Services Act 1993*.
- Details of complaints made during the year.

The *Local Government (Audit) Regulations 1996* sets out the requirements for the preparation of a report by Council's auditor. An auditor's report is to be forwarded to the President, CEO and the Minister within 30 days of completing the audit. The report is to give the auditor's opinion on:

- the financial position of the local government, and
- the results of the operations of the local government.

The report is to include:

- any material matters that indicate significant adverse trends in the financial position of the local government;
- any matters indicating non-compliance with Part 6 of the *Local Government Act 1995*, the *Local Government (Financial Management) Regulations 1996* or applicable financial controls in any other written law;
- details of whether information and explanations were obtained by the auditor;
- a report on the conduct of the report;
- the opinion of the auditor as to whether or not certain financial ratios are supported by verifiable information and reasonable assumptions.

Where it is considered by the auditor appropriate to do so, the auditor is to prepare a management report to accompany the auditor's report and to forward a copy of the management report to the President, CEO and Minister.

Representatives from Moore Australia behalf of the Office of the Auditor General, conducted an interim audit externally in March 2020 and visited the administration office in October 2020 to conduct the final audit.

The CEO received the auditor's report and management letter regarding the 2019/20 Annual Financial Report from Moore Australia on 9 December 2020. The CEO has responded to issues raised in the management report.

In accordance with s5.53 of the *Local Government Act 1995* a local government is required to prepare and accept an annual report for each financial year, no later than 31 December after that financial year.

If the auditor's report is not available in time for the annual report for a financial year to be accepted by 31 December after that financial year, the annual report is to be accepted by the local government no later than two months after the auditor's report becomes available.

#### **COMMENT**

Council's appointed auditor, Office of the Auditor General, completed the final audit of the Shire of Corrigin finances and operations in December 2020. A copy of the Auditor's Report and Financial Statements for the 2019/20 financial year is included as an attachment to this item.

The CEO is required to give local public notice of the availability of the annual report as soon as practicable after the report has been accepted by the local government. The annual report along with the Auditor's Report for 2019/20, is required to be adopted by Council prior to advertising a date for the annual meeting of electors.

A general electors meeting is to be held on a day selected by the local government but not more than 56 days after the local government accepts the annual report. In order to comply with this requirement an annual meeting of electors would need to be held prior to 9 February 2021. It is proposed that the Electors Meeting be held on Monday 1 February 2021 commencing at 6.30pm.

A copy of the annual financial report of a local government is to be submitted to the Departmental CEO within 30 days of the receipt by the local government.

### 7.3 REPORT OF AUDIT FINDINGS

Applicant:	Shire of Corrigin
Date:	3 December 2020
Reporting Officer:	Kylie Caley, Deputy Chief Executive Officer
Disclosure of Interest:	NIL
File Ref:	FM.0182
Attachment Ref:	NIL

#### SUMMARY

The Audit and Risk Management Committee is asked to consider the Audit Management letter for the year 30 June 2020 together with the comments provided by the Chief Executive Officer and Deputy Chief Executive Officer in response to significant findings.

#### BACKGROUND

Moore Australia conducted an offsite interim audit in March 2020 on behalf of the Office of the Auditor General followed by an onsite final audit in October 2020.

The outcome of the interim audit resulted in findings in four areas that required management and/or Council to take necessary steps to ensure processes were in place prior to the final audit.

The final audit has concluded with the auditors confirming that the interim findings have been resolved to their satisfaction and only two findings during the final audit surrounding the Operating Surplus Ratio and the Asset Sustainability Ratio.

#### COMMENT

The Audit and Risk Management Committee is required to examine the report of the Auditor and prepare a report responding to the findings and the actions the Shire of Corrigin have taken or intend to undertake in relation to the matters raised.

Management have included comment on the actions taken in relation to the interim audit findings as well as the final audit findings as per below:

##### 1. Interim Audit

###### ***Item 1 Revenue not recognized in accordance with AASB15 or AASB1058.***

The Deputy CEO (DCEO) and finance staff have ensured that all revenue was recognized correctly as per the standards amendments before the final audit.

###### ***Item 2 Operating lease not recognized in accordance with AASB16***

Moore Australia, during the Management Reporting workshop for 2020, discussed AASB16 in further detail and consequently distributed a lease calculator to all attendees. The DCEO utilized the calculator for the Community Resource Centre photocopier lease which proved the lease to be below the threshold for materiality as per the comments made at the interim audit. No further action is required for this requirement.

###### ***Item 3 Assets useful lives not reviewed on an annual basis***

As per the interim audit comments, the useful lives and depreciation rates are reviewed annually through the budget process, through the adoption of the accounting policy and during the annual financial preparation. Staff have implemented a process to further review these as part of the end of financial year process and the document is checked and approved by management.

***Item 4 No signed employee agreement***

The employee was initially employed by the Shire of Corrigin in 1999 and her letter of engagement and subsequent acceptance of her resignation in 2007, are on file.

When she resumed employment with the Shire in 2009 management at the time did not record a letter of engagement.

The employee has been continuously employed for the past 10 years and her personnel file contains numerous forms of correspondence confirming her employment arrangements and providing clear communication of the terms and conditions of her employment.

The current management is not able to correct an error made by previous management from 10 years ago.

**2. Final Audit**

***Item 1 Significant Adverse Trend Noted in the Operating Surplus Ratio***

The operating surplus ratio is a measure of a local government's ability to cover its operational costs and have revenues available for capital funding or other purposes. The basic standard for this ratio is between 0.01 and 0.15. A small Council such as Corrigin relies heavily on external government funding to assist in maintaining sustainability. Analysis of neighboring councils in previous years have shown that adverse trends in the operating surplus ratio is a common issue in regional councils.

Council and management will continue to monitor income and expenditure as well as identifying ways to continually improve the operating position especially through the long term financial plan to try and increase the ratio to above the basic acceptable level however it is not reasonable to expect that this will happen in the near future but to expect it to remain below the benchmark in the coming years.

***Item 2 Below Benchmark Noted in the Asset Sustainability Ratio***

The asset sustainability ratio is an approximation of the extent to which local government assets are being replaced as they reach their expected useful lives or put simply whether the local government is replacing or renewing assets at the same rate the asset is wearing out. This ratio is calculated by measuring capital expenditure on renewal or replacement of assets relative to the depreciation expense. The benchmark standard for this ratio is 0.90.

Council has been extremely vigilant in keeping the larger assets well maintained and prolonging the life of the asset stock before having to spend great amounts of money to renew or replace assets (excluding plant and equipment). Unfortunately this process hinders the calculation of the asset sustainability ratio as the expenditure is captured in the operating expenses rather than as capital and the ratio then gives the impression that Council are holding onto assets that are past their useful lives.

Council and management will continue to look at ways to spend more on renewal and replacement of the asset stock where possible however it is likely that the only way to reach the benchmark is to stop all maintenance on the assets and allow them to deteriorate before spending money on them.

**STATUTORY ENVIRONMENT**
